**Subject:** Early Release Program Modification

A hearing on early release program parameters is scheduled to be heard on Wednesday, April 1.

This is to express the personal beliefs of Tim Mathewson and Noelle Mathewson that early release programs should NOT include risk reduction options for violent crimes such as manslaughter, persistent dangerous felons and sex offenders, aggravated sexual assault of a minor, and assault of pregnant woman resulting in loss of fetus. People who have committed these violent intentional crimes or repeated crimes should not be afforded early release, but should adhere to sentencing as identified by the legal court system
